Dear Authors,

An initial review of your manuscript has made it clear that this submission is suitable to start reviewing procedures in terms of similarity with existing literature via plagiarism prevention software. The similarity index of your manuscript is 5% (Very Good < 10%, Good<15%, Moderate<25%, Risky>25%).

Your submission is forwarded to the peer-reviewing process. We use a single-blind system for peer-review; the reviewers' identities remain anonymous to authors. The paper will be peer-reviewed by two or three experts; one is an editorial staff and the other two are external reviewers. The review process may take from a single day up to 2 weeks depending on reviewers' performance.

Dear Author,

Your submission "- PHYTOREMEDIATION OF DETERGENT LEVELS IN WATERS USING WATER PLANTS: Eichornia crassipes, Ipomoea aquatica, Pistia stratoites and THEIR COMBINATIONS" for European Journal of Advanced Chemistry Research has been accepted for the copyediting. All accepted manuscripts are obligated to adapt the layout of their paper according to the journal's template. Thus, you are expected to adapt your manuscript according to the journal's template.

EJ-CHEM Template Link:

https://ej-chem.org/upload/documents/EJCHEM_template.docx

NOTE : In order to correctly adapt your manuscript to the journal template, we suggest you copying your paper part-by-part, and pasting them into the template file that you downloaded. In this way, you will maintain the pagination requirements of the template. When you paste the text into the MS Word template document please select "keep text only" option, which will protect the template styling. In addition, please pay attention to the style of references and citations.

IMPORTANT NOTE: All accepted manuscripts are obligated to adapt the layout of the paper according to the journal's template. If you are unable to adapt your submission manuscript to our template, EJ-CHEM' support crew may provide this service for the authors by charging a Template Support Fee (TSF) of 40 Euro and it can be paid from the following link:

<http://selz.co/EkDwPB8vX>

Once the Template Support Fee is paid, the journal support crew will automatically start to adapt your paper according to the template.

Thank you for your contributions to the journal.

Regards,

EJ-CHEM Team
