Dear Dr. Aliefman Hakim,

Attached is a typeset proof of your paper  
"THE APPLYING OF CHEMISTRY  
LABORATORY BASED ON MARITIME  
CULTURE"

We have pointed out one or several  
corrections in yellow with comments aside  
in the typeset proof which need to be made  
or confirmed.

Please check it carefully and summarize all  
corrections in a cover letter if there is any  
other problem. If you prefer to make any  
correction in a word file, please highlight  
the corrections or do it with different font  
color. We expect your response within two  
days. Thank you for your support and  
cooperation.

Looking forward to your early feedback.

Please feel free to contact me if you have  
any questions

Dear Anita LIU

First of all, we thanks for accepted our article. I have made some revision. I have added references and combined several paragraphs as they are in the attachment.

sincerely  
Aliefman Hakim

#### 1. Introduction

Indonesia is the biggest archipelagic country (state of archipelagic) in the world, consisting of 5 big islands and 30 small archipelagos. Totally it is noted that there are about 17.504 islands, 8.651 islands already have names, 8.853 unnamed islands, and 9.842 verified islands. Strategic geographical condition outstretched as long as 5.150 km among Australia and Asia continents and also uplated great Indies and Pacific ocean under equator line. The Region of Indonesia covers its continent region and water territorial region covering territorial water of hinterland, territorial water of archipelago, and includes its air territorial above, undersea territory, along with ground under it, including entire properties which consist in it (UU RI No. 43 year 2008 about State regional, LNRI No. 177 year 2008). Based on that condition, besides becoming an archipelagic country, Indonesia is also conceived as a unitary state.
