Dear Editor,

Thank you very much for the acceptance my article to be published in this reputable journal. I am very pleased to accept this good news.

I will do my best to revise the article as suggested/recommended. I will send it soon as well as the payment of its publication.

Sir, I still struggle for finding out any possible solution to make the previous article directly attached in google scholar.

And I think this is because I use nuriadisayip2017@gmail.com as the corresponding author email previously used in the submission system.

This 2nd article is also using the same email in the system.

So, is it possible to attach this second email nuriadi@unram.ac.id in the system Sir, so as to make them automatically attached/seen the Google Scholar too?

In this case I am very grateful for your help.

Thank you very much.

Best regards,

Nuriadi
