CHILDREN SEX TOURISM PREVENTION AND MANAGEMENT PATTERN THROUGH INDIGENOUS LOCAL WISDOM OF SASAK LOMBOK, INDONESIA

**Any Suryani Hamzah, Mataram University
Mohammad Irfan, Mataram University**

ABSTRACT

The involvement of children in the tourism sector in Lombok Tourism is not something new, they are fully aware that participating in the struggle of tourism industry development has provided open space for them to experience. Children in child protection study should start from the intensity of supervision and family control in terms of proper parenting. The research methods applied is Empirical research, with primary data collection obtained directly from the source, namely Respondents and Interviewees. Furthermore, completed with secondary data obtained through literature study, the focus of this research is the values of local wisdom used in as an efforts to prevent and combat sexual exploitation of children in the tourism site. Observation results show that family values in the local community in the tourism sector
