## 2019 AASEC ANNUAL APPLIED SCIENCE AND ENGINEERING CONFERENCE

Welcome to the 4th Annual Applied Science and Engineering Conference (AASEC) 2019. Hosted by Technical and Vocational Education Study Program, School of Postgraduate Studies, Universitas Pendidikan Indonesia and UPI Publication Center, Universitas Pendidikan Indonesia, in collaboration with Universitas Warmadewa, Bali, Indonesia. This year's AASEC will take place on:

24 April 2019 - Bali, Indonesia

Assoc. Prof. Dr. Ade Gafar Abdullah, M.Si.  
Conference Chair

### CALL FOR ABSTRACTS

Authors are requested to submit an abstract to the Organizing Committee by 13 March 2019. The abstract must contain the following section: introduction, aim of the study, method, results, conclusion, and keywords. The abstract must have no longer than 200 words.

#### IMPORTANT DATES

Dr. Eng. Asep Bayu Dani Nandiyanto  
Universitas Pendidikan Indonesia  
Invited Speaker

Dr. Eng. Muhammad Aziz  
Tokyo Institute of Technology, Tokyo, Japan  
Invited Speaker

### AIM AND SCOPE

The conference welcomes papers that explore but not limited to the topic of Integrating Innovation. The range of the topics covered by AASEC 2019 includes:

- Mathematics
- Physics
- Computer Science
- Material Science
- Chemistry
- Biology
- Pharmacology
- Sport Science and Technology
- Management Science
- Mechanical Engineering
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Electronics Engineering
- Material Engineering
- Environmental Engineering
- Industry Engineering
- Information Engineering
- Computer and Communication Engineering
- Architecture

## BACKGROUND

Following last year's AASEC's theme "Ideas for Sustainable Energy", the 4th AASEC brings up "Integrating Innovations in Science and Engineering among Young Researchers" as its theme. The main purposes of the conference are (1) to bring together the scientists, engineers, researchers and practitioners, students, and civil society organization representatives in the scientific forum; and (2) to share and to discuss theoretical and practical knowledge about innovation in applied and engineering. In a more practical context, the conference is expected to become a platform of discussion among researchers, particularly the young ones, in the field of applied science and engineering. Therefore, the invited speakers in this conference are young researchers who have good reputation in the world.
