Article Revision Letter for Authors - (EJFA-2020-03-591)

From: noreply@ejmanager.com (noreply@ejmanager.com)

To: w.wangiyana@unram.ac.id

Date: Friday, October 9, 2020 at 03:25 AM GMT+8

Dear Wayan Wangiyana,

Your manuscript entitled "\"Additive Intercropping with Peanut Relay-Planted Between Different Rice Row Patterns Increases Yield of Red Rice in Aerobic Irrigation System\" (Ms.Nr. EJFA-2020-03-591) was reviewed by editorial board members of the Emirates Journal of Food and Agriculture. As initial decision, your manuscript was found interesting but some revisions have to be made before it can reach a publishable value.

Please answer all the comments below point-by-point in an accompanying response letter to your revised submission.

You should send your revised manuscript via the online system of eJManager on <http://my.ejmanager.com>.

Sincerely yours,

Editor

COMMENTS for Authors:

=> Reviewer # 1

General Comments for the authors:

The Manuscript just reviewed is unique, enjoyable and understandable. The idea is well thought of and definitely worth researching more in depth. The order of data and information is also well presented. The information given is handy, simple, concise, and informative. However, some minor adjustments need to be made for the manuscript to have its full impact. The author must carefully review the abbreviations of the manuscript and revise the format of the references.

=> Reviewer # 2

Dear Authors,

The manuscript is interesting and provide an interesting view of the topic -Introduction should be more focused on the previous works done on this topic.

-Please clearly mention the objectives

-Detailed methodology is not needed, instead, provide standard method references -Add photographs from the experiments -Conclusion should be in a separate section -Provide author contributions as separate section before reference -References should be exactly as per the journal format, refer a recent article from the current issue in www.ejfa.me
