Dear Author,  
Greetings for the day...

We are grateful for your association with us. Please find herewith attached final edited version (as a word file) of your manuscript (ref no. GJETA-2022-0055) entitled "**Conversion of LDPE and PP plastic waste into fuel by pyrolysis method**" which is accepted for publication in Global Journal of Engineering and Technology Advances (GJETA).

**Download Author proof copy of your manuscript:** <https://gjeta.com/sites/default/files/Attached%20Files/GJETA-2022-0055%2...>

**Download Author query form:** <https://gjeta.com/content/downloads>

### Special Note:

Without this we will not able to process your manuscript further.

1. Provide the name(s) of authors as First Name (Given name)-Middle Name- Last name (Family name/Surname) for each author and check that all names are accurately spelled. It is important from Indexing purpose.
2. While writing numerical results in table author should use decimal point instead of comma.
3. Mention the X-axis and Y-axis title (label) in the figure.
4. Instead of writing lower case "o" in superscript; degree Celsius unit "°C" from symbols. Ex. "8 °C" by "8 °C". Similarly check and correct the same throughout the manuscript.
5. While citation of reference in text, do not use reference number at the beginning of a sentence. Ex. "This result is by [10, 13] ..... gasoline fuel". For example: The actual authors should be referred to, but the reference number(s) must always be given. e.g., "This result is by [Name of Author]..... gasoline fuel [Reference 10, 13]".
6. In the reference section, highlighted references are not provided in detail, author should write this reference appropriately and complete.
7. Ensure that, all the references appearing in the text should be enlisted at the end in reference section and vice versa.
8. References should be cited in the text, strictly as per author's guideline provided in the Journal's website. Similarly, references in reference section should be written as per reference format (Vancouver style) given in instruction to authors on journal web site.

### We hereby request you that,

1. Read the proof at least thrice, note the errors and make necessary corrections (in blue colored text) to make the manuscript error free.
2. Do not change the format of the word file, just check the spelling and other errors in the attached text part.
3. Use this proof for checking the typesetting, editing, completeness and correctness of the text, tables and figures.
4. Significant changes to the article will only be considered at this stage with permission from the Editor.
5. Make sure that you send final approved copy of article proof along with duly filled Author proof form within 3 days after receipt of this e-mail.
6. **Your manuscript will not be further processed for publication until and unless we receive your final approved article proof and Author query form.**
7. **It is responsibility to author to check each and every word and spelling including italic and normal formatting of specific names. No changes will be accepted after this. If any changes are expected after publication of manuscript, author will have to pay charges accordingly.**

We would appreciate to receive your corrected proof as a word file by e-mail within stipulated time period so that we can process your article quickly and efficiently.

Thank you for submitting your work to this journal.

If you need more information, please do not hesitate to contact us.
