**Dear Authors**

Firstly, we would like to say thank you so much for sending this work entitled “ **PERSONAL AND CONTEXTUAL FACTORS INFLUENCING TEACHER AGENCY IN OVERCOMING STUDENTS’ LEARNING DIFFICULTIES** ”. The topic seems suitable with the journal scopes and there is no serious issue on plagiarism. However, our editor's review manage to see there are some things that you need to adjust on your paper :

- There should be a clear purpose/aims, research types, instruments, and major results with global implications highlighted in the ABSTRACT. Kindly add a few more sentences regarding it.
- We also expect there is a clear novelty from every article submitted to us. We did not see it discussed, mentioned, or presented comprehensively in INTRODUCTION/DISCUSSIONS or any sections in the manuscript. You may highlight it at the end of your introduction section for a better display.
- There should be clear aims and wider implications of the study highlighted in the INTRODUCTION section.
- There should be clear and justified steps (Theory used) on how to collect (Instrument used; ), analyze, and interpret data in the METHOD section. Therefore, it will be easy for another study to replicate it.
- The DISCUSSION should bring new insight and has sufficient citations from the previous studies in the related context. This is a must!!!
- The CONCLUSION has not adequately explained the significant contributions of the research and its novelty.

Therefore our decision is: **Revision required**

We are expecting that the revision of your manuscript will be in our system within **7 days** from now. However, if you need more time to revise, do not hesitate to let us know, and we will be happy to re-arrange the time for processing your manuscript.

One more thing, when you revise your manuscript, please highlight the changes you make by using **the Track Changes function in your Microsoft Word** or using bold or colored text, so the editorial board can see the changes you will have made. This means we are only expecting the file in Word with a track changes version.

Best Wishes

Journal Editorial Team
