Dear Author(s),

We have received the review reports for your paper "Characteristics and Return Period of Hydrological Drought Base on Reservoir Capacity Reliability; Case study of Mamak Dam in Sumbawa Island, West Nusa Tenggara, Indonesia".

We require now that you implement in your submission the following recommendations made by the reviewers:

Reviewer A Comments:

=====

Changes which must be made before publication:

- Please compare it with one another drought index.
- Compare your results with previous investigators works
- Define the limitations of your method in Introduction part.
- Why you used Log Pearson Type III distribution for fitting in your data?
- Add the following references:
 - Coles, N. A. and Eslamian, S., 2017, Definition of Drought, Ch. 1 in Handbook of Drought and Water Scarcity, Vol. 1: Principles of Drought and Water Scarcity, Ed. by Eslamian S. and Eslamian F., Francis and Taylor, CRC Press, USA, 1-12.
 - Goyal, M. K. Gupta, V., Eslamian, S., 2017, Hydrological Drought: Water Surface and Duration Curve Indices, Ch. 4 in Handbook of Drought and Water Scarcity, Vol. 1: Principles of Drought and Water Scarcity, Ed. by Eslamian S. and Eslamian F., Francis and Taylor, CRC Press, USA, 45-72.

Reviewer B Comments:

=====

Suggestions which would improve the quality of the paper but are not essential for publication:

Many spelling and grammatical errors should be corrected

Changes which must be made before publication:

1. All data (not only El-Nino period) should be tabulated and presented graphically, and the identify the data during El-Nino period
2. Objective of the study should be clearly stated
3. Conclusions should: a) refer to the stated objective of the study, b) Explain practical results of the study; and c) gives recommendation for application of the results as well as further research.

NOTE: Please send an email to the editor to acknowledge the reception of this email notification. The editor needs to make sure that messages reach the authors and don't delay the review process.

Instructions

1) To help the reviewer(s) verify that you have made the required corrections, please append a point-by-point report detailing how the changes have been made in line with each reviewer's comments at the beginning of your revised manuscript.

2) Responses to reviewers' comments and the revised manuscript must go together in the same single MS Word or PDF file, without revealing authors' identifications.

3) **AUTHORS MUST INCLUDE IN THEIR REVISED MANUSCRIPT ALL THE REVISIONS, EDITING AND CORRECTIONS REQUIRED BY ALL REFEREES, OTHERWISE THEIR SUBMISSIONS WOULD NOT BE FURTHER PROCESSED AND WOULD BE REJECTED.**

4) Append figures, images and tables at the end of your revised manuscript.

5) To upload your revised manuscript, please:

Login via <http://www.inderscience.com/ospeers/login.php>

(if you do not remember your username or password, you can recover it via <http://www.inderscience.com/forgotpw.php>)

Then point your browser to

<http://www.inderscience.com/ospeers/admin/author/articlestatus.php?id=211021> and scroll-down to find the input box "Author's revised version of file".

Click on 'Browse...' to select the revised document to be submitted and click 'Upload'.

6) Click on "Editor/Author Comments" to access the referee(s) comments and possible annotated files.

7) We advise you to use MS Word to edit your submission and make sure that the revisions within the document are presented as "tracked changes" so they would be more easily seen by the editor and the reviewers. It is preferable that you upload your revised manuscript using a MS Word file. If you use LaTeX, please mark your

changes as text in colour and provide a PDF file of your article and the response to the reviewers.

To remove the personal information about tracked changes in MS Word:

In Word 2007: Round Office button -> Prepare -> Inspect Document -> Inspect -> Document Properties and Personal Information -> Remove All -> Close

In Word 2010 and later: File > Check for Issues -> Inspect Document -> Inspect -> Document Properties and Personal Information -> Remove All -> Close

If you have problems uploading the file with your revised manuscript please contact submissions@inderscience.com indicating the submission ID of your article.

NOTES:

- In general we expect to receive your revised manuscript within three months or by the revision deadline established by the editor. Please contact the editor if you will take more than three months to resubmit your revised manuscript.

- It is the publisher's policy to give authors the opportunity to revise and improve their submitted papers to be accepted for publication, as requested by the referees. Please note that all the revisions, editing and English correction requested have to be made and accepted by the referees otherwise the paper will be rejected at any stage of the refereeing process.

Your prompt attention is much appreciated.

You need now to login at <http://www.inderscience.com/login.php> and go to <http://www.inderscience.com/ospeers/admin/author/articlelist.php> to find your submission and complete the following tasks:

1. Save the "Editor's post-review version" on your local disk so you can edit it. If the file is in PDF format and you cannot edit it, use instead your last MS Word revised version, making sure to include there all the review recommendations made during the review process. Rename the new file to "authorFinalVersion."

2. Open the "authorFinalVersion" file and remove your reply or any response to reviewers that you might have in the front of your article.
3. Restore the author's identification, such as names, email addresses, mailing addresses and biographical statements in the first page of your local file "authorFinalVersion."
4. IMPORTANT: The paper is accepted providing that you, the author, check, edit and correct the English language in the paper. Please proofread all the text and make sure to correct any grammar and spelling mistakes.
5. Save your changes in the file "authorFinalVersion" and use the "Browse..." and "Upload" buttons to upload the file on our online system.
6. Click on "Update Metadata" to correct the title, abstract and keywords according to the recommendations received from the Editor. You must make sure that the title, abstract and keywords are totally free of English Spelling and Grammar errors. Do not forget to click the "Update" button to save your changes.
7. Once you have updated the metadata, check the box "Yes."
8. Upload a zipped file with the Copyright Agreement forms signed by each author. We need a signed author agreement form for every author and every co-author. Please insert the full names of all authors, reflecting the name order given in the article.
9. To see a sample of real articles that have been published in the International Journal of Hydrology Science and Technology visit <http://www.inderscience.com/info/ingeneral/sample.php?jcode=ijhst>.

Finally click on the "Notify Editor" button to let the editor know that you have completed the six tasks.

Your continuing help and cooperation is most appreciated.

PROOF OF PAPER FOR CHECKING

Title: Characteristics and return period of hydrological drought base on reservoir capacity reliability: case study of Mamak Dam in Sumbawa Island, West Nusa Tenggara, Indonesia

Dear Author

I attach the proofs of your paper for inclusion in the International Journal of Hydrology Science and Technology to be published by Inderscience Publishers.

Please check the paper and confirm acceptance or let me have any amendments/ changes within 2 weeks of the date of this e-mail.

Where there is more than one author, please indicate who is the corresponding author if not already shown and kindly respond to any queries in the paper.

Please ensure that you send ALL amendments with your reply as it is unlikely that any further changes will be possible. You will be sent a final revised version to approve after your amendments have been incorporated.

Detailed requirements for the Abstract and Keywords can be found on the Inderscience website www.inderscience.com under Notes for Authors

- **Abstract:** approximately 100 words, maximum 150.
- **Keywords:** approximately 10-15 words or phrases.
Keywords are important for online searching. The Importance of Keywords. Metadata (title/author details/abstract/keywords) is a vital part of any paper, since, in our online world, it is the metadata which is freely available to all users and is sent to many and varied online sources, from which users undertaking online searches will trace the paper. If you want your paper retrieved by the maximum number of people, the metadata is vital. The **Keywords** field is essential in that this is the most frequently searched field if search results.
- **Biographical notes:** approximately 100 words per author, maximum 150.

To ensure the publication schedule is maintained and in the event of you not replying within this timescale, contact will be made with the Editor of the issue and it is possible that the paper will be held back from publication.

It is the policy of Inderscience Publishers not to publish any papers unless final approval of the edited copy has been obtained from the author.

May we ask you to indicate your amendments using one of the following:

- list the corrections/amendments in an MS Word file (see attached)

- make annotations on the PDF
- list in an e-mail and indicate the page number, paragraph or line one by one copy a portion of the text that needs correcting so we can locate them making the implementation of corrections more accurate

If any figures appear in colour, please note that they will only appear in colour in the online version but in the printed version they will be in black and white.

If the quality of the colour figure supplied is not suitable to be produced in colour, it will only be shown in black and white in the online version. However, if colour is essential to the figure please send a better quality colour image with your proof reply

Please note that there is a very long waiting list for publication in this journal, between 2-3 years.

Many thanks
