

ABSTRAK

Hasan Mahmud, 2023 Analisis Pelaksanaan Fungsi dan Tugas Pokok Guru Sekolah Dasar Dan Dampaknya Terhadap Pembelajaran Pada Masa Covid-19 Di Gugus V (Lima) Kecamatan Lingsar Kabupaten Lombok Barat Tahun 2021, Tesis Program Studi Magister Administrasi Pendidikan Pascasarjana Universitas Mataram. Pembimbing I, Mohamad Mustari, MM., MA., Ph.D., dan Pembimbing II, Dr. Fahrudin, M.Pd.

Penelitian ini bertujuan untuk : Mendeskripsikan Pelaksanaan Fungsi Guru Sekolah Dasar; Mendeskripsikan Pelaksanaan Tugas Pokok Guru Sekolah Dasar; dan Mendeskripsikan Dampak pelaksanaan fungsi dan tugas pokok guru Sekolah Dasar terhadap pembelajaran di Sekolah Dasar Gugus V (Lima) Kecamatan Lingsar Kabupaten Lombok Barat. Jenis Penelitian ini merupakan penelitian kualitatif, data diambil menggunakan teknik triangulasi data yang bersumber dari wawancara, observasi dan dokumentasi. Teknik analisis data menggunakan model Miles & Huberman yaitu pengumpulan data, reduksi data, penyajian data dan penarikan kesimpulan. Hasil penelitian menunjukkan bahwa pelaksanaan fungsi dan tugas pokok guru Sekolah Dasar dan dampaknya terhadap pembelajaran dimasa pandemi mulai dari perencanaan; pelaksanaan pembelajaran oleh guru; dan sampai pada pengalaman belajar yang di alami siswa, tidak dapat berjalan dengan efektif dan maksimal hal ini dikarenakan banyak timbul kesulitan-kesulitan seperti berubahnya iklim pembelajaran selama pandemi guru tidak melakukan adaptasi rencana pelaksanaan pembelajaran (RPP), kegiatan pembelajaran hanya berlangsung selama 35 menit efektif saat BDR dari 145 menit jam pelajaran/hari, guru menggunakan metode yang monoton sehingga siswa menjadi bosan yang tentunya mengakibatkan hasil belajar siswa selama pandemi mengalami penurunan, dan telah terjadi *learning loss* yang perlu mendapatkan perhatian khusus dari berbagai pihak mulai dari kepala sekolah, guru, orang tua, serta dinas pendidikan setempat.

Kata kunci: Fungsi guru, Tugas Pokok Guru, Covid-19

ABSTRACT

Hasan Mahmud, 2023 Analysis of the Implementation of the Main Functions and Duties of Elementary School Teachers and Their Impact on Learning During the Covid-19 Period in Cluster V Lingsar District, West Lombok Regency in 2021, Thesis of the Postgraduate Education Administration Masters Study Program, University of Mataram. Advisor I, Mohamad Mustari, MM., MA., Ph.D. and Supervisor II, Dr. Fahrudin, M.Pd.

This study aims to: Describe the Implementation of Elementary School Teacher Functions; Describe the implementation of the main tasks of elementary school teachers; and Describe the impact of the implementation of the functions and main tasks of elementary school teachers on learning in Cluster V (Lima) Elementary Schools, Lingsar District, West Lombok Regency. This type of research is qualitative research, the data was collected using data triangulation techniques originating from interviews, observation, and documentation. The data analysis technique uses the Miles & Huberman model, namely data collection, data reduction, data presentation, and conclusions. The results of the study show that the implementation of the main functions and duties of elementary school teachers and their impact on learning during a pandemic starts from planning; implementing learning by the teacher; and up to the learning experiences experienced by students, cannot run effectively and maximally this is because many difficulties arise such as changes in the learning climate during a pandemic the teacher does not adapt the lesson plan (RPP), learning activities only last 35 minutes effectively during the BDR of 145 minutes of lesson hours/day, the teacher uses a monotonous method so students become bored which of course results in student learning outcomes during the pandemic decreasing, and learning loss has occurred which needs special attention from various parties starting from school principals, teachers, parents, as well as the local education office.

Keywords: *The function of the teacher, the Main Duties of the Teacher, Covid-19*
