Yth Pak Iska Dede,

Terlampir dikirimkan kembali manuskrip Revisi 1 yang telah direvisi. Setelah dibaca ulang ternyata masih ada kesalahan yang penting untuk direvisi.

Pada manuskrip "Predicting spawning of nyale worms ..." nama spesies cacing nyale Lombok "Lysidice oele" diganti dengan "Lysidice collaris".

Pada manuskrip "Differential impacts of coral bleaching ..." ada tambahan spasi di dalam Daftar Referensi setelah tanda ":" (titik dua) dan ada tambahan informasi "[Indonesian]" pada satu daftar pustaka.

Mohon maaf atas ketidaknyamanan ini. Terima kasih atas perhatiannya.

Salam,
